

Letter from the senior warden

It is with a sad heart that that I must inform you we are canceling our church regathering plans for the time being. Bishop Susan Haynes asked me to get with the vestry and decide our next move considering the increase in coronavirus cases in the tidewater area. It was decided to cancel the reopening until the number of cases begins to decline. We will continue to live stream morning prayer each week. There were some suggestions made about a possible outdoor service, but with the lack of a sound system and the noise level from Military Hwy, I do not see that being a good possibility. Please keep praying for our church and those suffering from this virus. We will get through this with God's Help. Stay safe, hope to see you soon.

Peace and Love

Bruce Comfort

Senior Warden
